Independent Auditor's Report

RSM US LLP

Board of Trustees
University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation

Report on the Financial Statements

We have audited the accompanying combined financial statements of University of Northern Iowa Foundation, University of Northern Iowa Properties Corporation and University of Northern Iowa Research Foundation, which comprise the combined statements of financial position as of June 30, 2021 and 2020, the related combined statements of activities and cash flows for the years then ended, and the related notes to the combined financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of University of Northern Iowa Foundation, University of Northern Iowa Properties Corporation and University of Northern Iowa Research Foundation as of June 30, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies

Organization: The University of Northern Iowa Foundation (the Foundation) is organized and operated exclusively for educational and scientific purposes. It is authorized to accept, hold, administer, invest and disburse monies for the direct benefit of the University of Northern Iowa (the University).

The University of Northern Iowa Properties Corporation is organized to receive, hold, manage and administer real property and tangible personal property for the use and benefit of the Foundation.

The University of Northern Iowa Research Foundation is organized to advance, develop, increase and extend the progress of science and useful arts through encouraging and assisting investigation, research and education at the University. This is accomplished by furnishing the means, methods and agencies by which ideas, creations, discoveries, inventions and processes may be protected and the uses thereof determined and safeguarded for the public, and to manage, license and dispose of proprietary rights in ideas, creations, discoveries and inventions and processes of any nature.

On June 30, 2021, the Foundation received a contribution from the University of Northern Iowa Alumni Association (the Association) of its remaining assets and liabilities from the Association's dissolution. The Foundation recorded a contribution of \$1,201,450 from the Association based on the value of the assets received in excess of the liabilities assumed, which was recorded in the statement of activities during the year ended June 30, 2021.

Basis of combination: The accompanying combined financial statements (collectively, the financial statements) include the activities of the Foundation, University of Northern Iowa Properties Corporation, and University of Northern Iowa Research Foundation (collectively, the Organization). All material transactions between these entities have been eliminated. Combined financial statements are presented because the entities share the objectives of promoting and benefiting the University.

Basis of accounting: The Organization classifies its activities and net assets into two categories: net assets without donor restrictions or net assets with donor restrictions, based on the absence or existence of external (donor) imposed restrictions. The accounts of the Organization are maintained in accordance with the principles of fund accounting. Under fund accounting, resources for various purposes are classified into funds established according to their nature and purpose. Separate funds are maintained for each purpose; however, in the accompanying financial statements, funds that have similar characteristics have been combined.

Contributions and net assets: Contributions received and unconditional promises to give are recorded as increases in net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions. The Board of Trustees (the Board) of the Foundation may designate a portion of its net assets without donor restrictions for various purposes. A description of the two net asset categories follows:

Net assets without donor restrictions include contributions for which there are no donor imposed restrictions. They include net assets designated to carry out the general mission of the Foundation, net assets for the construction and maintenance of the University's capital projects and net assets that have not yet been designated by the Board as to where they will be spent.

Net assets with donor restrictions include contributions for which donor imposed restrictions have not been met and charitable gift annuities and charitable remainder trusts for which proceeds have not been realized. Purpose restrictions include support for student scholarships, department programs and capital projects.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

In addition net assets with donor restrictions include contributions for which donor imposed restrictions require investment in perpetuity and only the agreed upon payout be made available to carry out the mission of the Foundation. Also included are charitable gift annuities and charitable remainder trusts in which the donor has restricted the use of the Foundation's interest in the assets in perpetuity.

Cash and cash equivalents: The Foundation considers all highly liquid equity instruments purchased with a maturity of three months or less to be cash equivalents. The Foundation maintains cash balances at various financial institutions. From time to time, the cash balances may exceed the amounts insured by the Federal Deposit Insurance Corporation, however the Foundation has not experienced any losses in such accounts and management believes the Foundation is not exposed to any significant credit risk related to those accounts.

Investments: Investments are managed by the Foundation Treasurer and external managers, in accordance with the Board's policy. The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. The Foundation reports the fair value of market alternatives, also known as alternative investments, using the practical expedient. The practical expedient allows for the use of net asset value (NAV), either as reported by the investee fund or as adjusted by the Foundation based on various factors, to determine fair value, under certain conditions. The fair value of the investment is based on a combination of audited financial statements of the investees and monthly or quarterly statements received from the investees. The practical expedient may not be used on funds intended to liquidate, or in the process of liquidation. Such funds are valued based on the fund manager's expectation of liquidation proceeds.

Unrealized gains and losses and management fees are included in investment return in the change in net assets in the combined statements of activities. Purchases and sales of securities are recorded on trade dates and realized gains and losses are determined on the basis of average cost of securities.

Investments may be exposed to various risks, such as interest rate, market and credit risks. As a result, it is at least reasonably possible that changes in risks in the near term could affect investment balances, and those effects could be significant.

Beneficial interest in trust: The fair value of recorded beneficial interest in a noncustodial perpetual trust is recorded based on the fair value of the underlying assets and is included in investments on the combined statements of financial position.

Pledges receivable: Pledges receivable are recorded at their net present value using an effective interest rate, less an allowance for doubtful pledges. Conditional promises to give are not recorded until the condition is met.

Other assets: Included in other assets is prairie land received by the Organization valued at approximately \$790,000 at June 30, 2021 and 2020.

University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Impairment of long-lived assets: Long-lived assets held for use, such as capital improvements and land, are reviewed for impairment whenever events or circumstances indicate that the carrying amount of the asset may not be recoverable. Recoverability is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Long-lived assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. No long-lived assets were determined to be impaired during the years ended June 30, 2021 and 2020.

Contribution of nonmonetary assets and donated services: Donated securities, equipment, artwork and other nonmonetary assets are recorded in the financial statements at their estimated fair value at the date of receipt based primarily on publicly available information. The Foundation's policy is to sell donated securities soon after receipt to be able to use the funds for their specified purpose, unless management determines that the security should be retained as an investment. The Foundation's policy is to transfer donated equipment, artwork and other nonmonetary assets to the University.

The Foundation recognizes revenue for certain services received at the fair value based on the current rate for such services. These include professional assistance donated by doctors, consultants and other specialized service providers. The Foundation recorded salaries and benefits of University employees that perform duties for the Foundation without compensation from the Foundation as well as office space and equipment costs for the years ended June 30, 2021 and 2020. The fair value of the nonmonetary assets and donated services is reflected in revenue and included in expenses in the following functional categories:

	2021	2020
Programming	\$ 176,933	\$ 87,474
Fundraising	1,615,565	1,616,885
	<u>\$ 1,792,498</u>	<u>\$ 1,704,359</u>

In addition, the Foundation receives donated services from unpaid volunteers who assist in fundraising and special projects. No amounts have been recognized in the combined statements of activities since these services are not specialized services that would otherwise be purchased.

University commitments: From time to time the administration of the University asks the Foundation to raise funds and provide financial support for given projects. Such requests are not recorded as liabilities of the Foundation until the Board votes to accept them.

Capital improvements: Purchased or constructed buildings, equipment and tenant improvements are recorded at cost. Depreciation and amortization is provided using the straight-line method over the estimated useful lives of the assets, which vary from five to 20 years.

Split interest agreements: Contributions received under lifetime charitable gift annuity, remainder and unitrust agreements are recorded at fair value at the inception of the trust and a liability is recorded equal to the present value of the expected future payments to the life tenant. Annuity and life income obligations are determined annually based on the ages and life expectancies of the donors using applicable interest rates, at the date of the contribution, established by the Internal Revenue Service. Beneficial interest in trusts are recorded at fair value at the inception of the trust, based upon the underlying assets.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Income taxes: The Organization is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code. Thus, no provision for income taxes is included in the accompanying financial statements.

The Organization is subject to federal and state income taxes to the extent it has unrelated business income. In accordance with the guidance for uncertainty in income taxes, management has evaluated their material tax positions and determined that there are no income tax effects with respect to its financial statements.

The Organization recognizes any interest and penalties related to income taxes. There were no interest or penalties related to income taxes that have been accrued or recognized as of and for the years ended June 30, 2021 and 2020.

The Organization follows the accounting guidance for accounting for uncertainty in income taxes. The Organization recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more likely than not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Organization applied the uncertain tax position guidance to all tax positions for which the statute of limitations remained open and determined there were no material unrecognized tax benefits as of that date. The Organization does not believe there is any uncertainty with respect to its tax position which would result in a material change to the financial statements.

Endowments: The Foundation's endowment funds consist of numerous individual funds established to support the mission of the University. These funds include both donor-restricted endowment funds and funds designated by the Foundation's Board to function as endowments. Net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board has interpreted the state Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation has classified as net assets with donor restrictions (a) the original value of gifts donated to the endowment to be held in perpetuity, (b) the original value of subsequent gifts to the endowment to be held in perpetuity and (c) accumulations to the endowment to be held in perpetuity made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment funds are purpose restricted and maintained with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effects of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization and (7) the investment policies of the Foundation.

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Investment return objectives, risk parameters and strategies: The Foundation has adopted endowment investment and spending policies which have been approved by the Board. The objective is to provide a predictable stream of funding to programs supported by endowment funds while maintaining the purchasing power of those assets over the long-term. The investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds annual distributions with acceptable levels of risk.

Endowment assets are invested in a well-diversified asset mix, which includes public and private equities, private real estate, hedge funds, fixed income funds and cash. This diversified asset allocation is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make distributions, while growing the funds, if possible. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to reduce risk to the overall fund.

Spending policy: The Foundation's Board recognizes their fiduciary responsibility to prudently manage the funds that have been and will be given to the Foundation. Spending from these funds is intended to benefit the University in perpetuity; therefore, the spending policy is intended to achieve a balance between preserving the purchasing power of the endowment principal and maximizing current distributions to support the programs designated by the contributors. The Foundation uses a 12-quarter rolling average model which allows spending within a 4% to 6% band at a rate determined annually by the Board.

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature, which result primarily from unfavorable market fluctuations and continued appropriations deemed prudent by the Foundation's Board, are reported as net assets with donor restrictions.

Fair value measurements: The Foundation accounts for its investments at fair value. The Foundation estimates fair value using the guidance established by the accounting guidance for Fair Value Measurements, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in its principal market, or in the absence of a principal market, the most advantageous market for the asset or liability. In accordance with the guidance, the Foundation has categorized its investments, based on the priority of the inputs to the valuation technique which give the highest priority to quoted prices in active markets and the lowest priority to unobservable inputs, into a three-level fair value hierarchy. These levels are:

Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3: Valuation is based upon significant unobservable inputs that reflect the Foundation's own assumptions, including discount cash flow models. Level 3 investments also include beneficial interests in trusts as the Foundation has no redemption rights with respect to trust assets and is valued based on the underlying trust assets, which are primarily publicly traded.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, revenues and expenses and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements: In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. The new standard is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. The Organization is currently evaluating the impact of the pending adoption of the new standard on the financial statements.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which removes, modifies and adds certain disclosure requirements. The standard is effective for fiscal years beginning after December 15, 2019. The Organization adopted the standard during the year ended June 30, 2021, which resulted in the removal or modification of certain fair value measurement disclosures presented in Note 4.

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which require a not-for-profit entity to present contributed nonfinancial assets in the statement of activities as a line item that is separate from contributions of cash or other financial assets. ASU 2020-07 also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets received, disaggregated by category. This guidance is effective for fiscal years beginning after June 15, 2021. The Organization is currently evaluating the impact of this new guidance on its financial statements.

Note 2. Functional Expenses

The costs of providing programs and other services have been summarized on a functional basis in the combined statements of activities. Program services functional expense classification represent the purpose of the grant made to the University. Accordingly, certain costs have been allocated among the programs and the supporting services benefited based on square footage or actual hours worked by Foundation employees.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 3. Liquidity and Availability

The Foundation receives substantial donor restricted gifts to establish endowments that will exist in perpetuity and contributions with time and purpose restrictions. The income generated from donor restricted endowments may be donor restricted or without donor restriction as to use in accordance with the gift agreement. In addition, the Foundation receives support without donor restrictions through its Annual Fund with the remainder funded by investment income without donor restrictions, gift fees and appropriated earnings from gifts with donor restrictions.

Investment income without donor restrictions, earnings appropriated from endowments with donor restrictions, board designated endowments (quasi-endowments), contributions without donor restrictions and contributions with donor restrictions for use in current activities and programs are considered to be available to meet cash needs for general expenditures. General expenditures include administrative and general expenses, fundraising expenses and grant commitments expected to be paid in the subsequent year. Annual operations are defined as activities occurring during, and included in the budget for, a fiscal year.

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- (a) Operating within a prudent range of financial soundness and stability,
- (b) Maintaining a sufficient level of asset liquidity, and
- (c) Monitoring and maintaining reserves to provide reasonable assurance that long term grant commitments and obligations related to endowments with donor restrictions and quasi endowments will continue to be met.

	<u>\$ 119,909,438</u>	<u>\$ 111,110</u>	<u>\$ 1,361,344</u>	<u>121,381,892</u>
Market alternatives, at NAV:				
Real estate investments				1,528,055
Fund of funds				13,389,708
Commonfund limited partnerships				630,387
Other limited partnerships				17,684,126
				<u>33,232,276</u>
Total				<u>\$ 154,614,168</u>

The following table provides a summary of market alternatives at June 30, 2021 and 2020, by net asset class, whose fair value is calculated using NAV per share, or its equivalent:

Description	2021 Fair Value	2020 Fair Value	June 30, 2021		
			Unfunded Commitments (Approximate)	Redemption Frequency (If Available)	Redemption Notice Period
Real estate investments (a)	\$ 1,184,584	\$ 1,528,055	\$ 1,283,000	Not allowed	Not applicable
Fund of funds (b)	18,090,405	13,389,708	1,855,000	See below	See below
Commonfund limited partnerships (c)	726,209	630,387	136,000	Not allowed	Not applicable
Other limited partnerships (d)	31,355,821	17,684,126	10,091,000	See below	See below
	<u>\$ 51,357,019</u>	<u>\$ 33,232,276</u>	<u>\$ 13,365,000</u>		

- (a) Represents fund of funds investments with a concentration in real estate with no particular geographic concentration. Redemptions are not allowed; distributions, if any, are based on the sales of the underlying assets.
- (b) Includes funds of funds invested in private investment companies and hedge funds with no particular industry or geographic concentration. Approximately \$4,900,000 of the fund is subject to quarterly redemption notices between 65-90 days. Approximately \$9,571,000 of the funds are redeemable semi-annually with a 105 day notice. Redemptions are not allowed for the remaining funds.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 4. Investments (Continued)

- (c) Represents limited partnership investments focused on private equity and emerging markets. Redemptions are not allowed; distributions, if any, are based on the sales of the underlying assets.
- (d) Partnership investments are primarily swaps, debt and equity securities, options, foreign currency and private investment pools, distressed securities and securitized assets with no particular industry or geographic concentration. Approximately \$9,822,000 is subject to quarterly redemption with a 60 day notice. Approximately \$6,265,000 is subject to semi-annually redemption notice with a 90 day notice. Redemptions are not allowed for the remaining funds.

Market alternatives are redeemable with the investee fund at NAV under the original terms of the subscription agreement but are subject to significant redemption and other restrictions that would limit the Foundation's ability to redeem out of the fund at a report date NAV. Due to the nature of these investments, changes in market conditions and the overall economic environment may significantly impact the NAV of the funds, and therefore the value of the Foundation's interest. It is therefore reasonably possible that, if the Foundation were to sell all or a portion its market alternatives, the transaction value could be significantly different than the fair value reported as of June 30, 2021 or 2020.

Interest, dividends, realized and unrealized gains and losses and management fees are recognized and allocated to the various designated funds based on each individual funds' average balance. The following summarizes the investment return and its classification on the combined statements of activities for the years ended June 30, 2021 and 2020:

	2021		
	Without Donor Restrictions	With Donor Restrictions	Total
Interest and dividends	\$ 394,773	\$ 3,668,401	\$ 4,063,174
Realized and unrealized gains	4,316,141	35,236,062	39,552,203
Management fees	(149,456)	(1,033,510)	(1,182,966)
	<u>\$ 4,561,458</u>	<u>\$ 37,870,953</u>	<u>\$ 42,432,411</u>
	2020		
	Without Donor Restrictions	With Donor Restrictions	Total
Interest and dividends	\$ 370,501	\$ 2,375,770	\$ 2,746,271
Realized and unrealized losses	(84,875)	(1,428,976)	(1,513,851)
Management fees	(127,617)	(936,407)	(1,064,024)
	<u>\$ 158,009</u>	<u>\$ 10,387</u>	<u>\$ 168,396</u>

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 5. Pledges Receivable

Unconditional promises to give are included in the financial statements as pledges receivable and revenue of the appropriate net asset category in the year received. Unconditional promises are recorded at their net realizable value at the time the promise is made. Those promises expected to be collected in more than one year are discounted at various rates based on the length of time the payments are to be received. Unconditional promises are expected to be realized in the following periods:

	2021	2020
In one year or less	\$ 1,100,559	\$ 3,940,255
Between one year and five years	14,930,015	8,294,781
More than five years	2,976,716	1,840,494
	19,007,290	14,075,530
Less discounts to net present value (interest rates 0.31% to 5.3%)	(426,394)	(359,707)
Less allowance for uncollectible pledges	(263,170)	(308,076)
	<u>\$ 18,317,726</u>	<u>\$ 13,407,747</u>

Pledges receivable at June 30, 2021 and 2020, have the following restrictions:

	2021	2020
Net assets without donor restrictions:		
Undesignated	\$ 158,262	\$ 140,267
Net assets with donor restrictions:		
Scholarships and department programs	5,991,182	4,862,525
Building, equipment and leasehold improvements	8,957,814	6,726,640
Endowments—scholarships and department programs	3,210,468	1,678,315
	<u>\$ 18,317,726</u>	<u>\$ 13,407,747</u>

The Foundation also maintains a planned giving program through which contributors promise to give amounts to be donated upon their death. These promises are not reflected in the financial statements because they are subject to retraction at the discretion of the contributor. Any amounts reflected as income in the financial statements are the amounts received during the year. For the years ended June 30, 2021 and 2020, conditional promises to give total approximately \$165,487,000 and \$156,370,000, respectively.

Conditional promises to give are only recognized when the conditions on which they depend are substantially met and the promises become unconditional.

Note 6. Capital Improvements

Components of capital improvements include the following as of June 30, 2021 and 2020:

	2021	2020
Tenant improvements	\$ 344,752	\$ 277,414
Less accumulated depreciation	(248,618)	(207,809)
Net capital improvements	<u>\$ 96,134</u>	<u>\$ 69,605</u>

**University of Northern Iowa Foundation
 University of Northern Iowa Properties Corporation
 University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 7. Recurring Obligations—Split Interest Agreements

The Foundation is obligated to pay approximately \$241,000 under existing lifetime charitable gift annuities based on original contributions of approximately \$3,525,000 and \$87,000 under charitable remainder annuity trust agreements based on original contributions of \$1,060,000. The Foundation is obligated under charitable remainder unitrust agreements to make payments based on trust income or on a fixed percentage of the asset values. The Foundation's obligation for the unitrust agreements was approximately \$44,000 and \$42,000 during the years ended June 30, 2021 and 2020, respectively. Asset values for all split interest agreements were approximately \$4,918,000 and \$3,549,000 as of June 30, 2021 and 2020, respectively.

In accordance with state law, to qualify and provide charitable gift annuities an organization must be in continuous operation for three years and have a minimum value of unrestricted assets equal to the lesser of \$300,000 or five times the total amount of outstanding annuities (\$12,966,000 at June 30, 2021). The Foundation was in compliance with all aforementioned state requirements during both the years ended June 30, 2021 and 2020.

Note 8. Related-Party Transactions

As disclosed in Note 1, the University compensates Foundation for a portion of employee salaries and fringe benefits, which are not reimbursed by the Foundation and provides office space, equipment maintenance, telephone support and other miscellaneous office supplies. Total unreimbursed amounts recorded as revenue and expense during the years ended June 30, 2021 and 2020, were approximately \$1,624,000 and \$1,578,000, respectively. At June 30, 2021 and 2020, approximately \$200,000, were due from the University for accrued vacation and sick leave and were included in pledges receivable. At June 30, 2021 and 2020, approximately \$421,000 and \$98,000, respectively, due to the University were included in accounts payable.

Note 9. Restrictions on Net Assets

Net assets were released from donor restrictions by incurring expenses satisfying the purpose or time restrictions specified by donors as follows:

	2021	2020
Purpose restrictions accomplished:		
Scholarships and department programs	\$ 12,439,149	\$ 13,505,735
Plant	672,639	82,685
Total net assets with donor restrictions released	\$ 13,111,788	\$ 13,588,420

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 9. Restrictions on Net Assets (Continued)

Net assets with donor restrictions are available for the following purposes or periods:

	2021	2020
Scholarships and department programs	\$ 79,212,930	\$ 45,267,299
Plant	16,726,071	8,876,492
Charitable gift annuities	812,355	48,301
Charitable remainder trust annuities	311,695	190,084
Charitable remainder unitrusts	1,274,398	976,136
Endowment, held in perpetuity	114,526,844	103,705,293
Life insurance fund	967,457	970,999
Beneficial interest in trust	1,677,595	1,361,344
Total net assets with donor restrictions	<u>\$ 215,509,345</u>	<u>\$ 161,395,948</u>

Net assets without donor restrictions that are quasi-restricted by the board, are quasi-restricted for scholarships and department programs. The total board designated net assets as of June 30, 2021 and 2020, are \$7,273,255 and \$3,160,961, respectively.

The following schedule provides information on net assets with donor restriction and board-designated endowments. The composition of and changes in endowments as of and for the years ended June 30, 2021 and 2020, are as follows:

	June 30, 2021		
	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets, beginning of year	\$ 3,160,961	\$ 115,201,272	\$ 118,362,233
Contributions, net	320,834	8,032,984	8,353,818
Investment return	941,646	31,063,087	32,004,733
Change in donor intent	2,896,921	352,163	3,249,084
Amounts appropriated for expenditure	(47,107)	(4,853,147)	(4,900,254)
Other changes	-	(31,860)	(31,860)
Endowment net assets, end of year	<u>\$ 7,273,255</u>	<u>\$ 149,764,499</u>	<u>\$ 157,037,754</u>
Endowment net assets consist of the following:			
Donor-restricted funds	\$ -	\$ 149,764,499	\$ 149,764,499
Board-designated funds	7,273,255	-	7,273,255
	<u>\$ 7,273,255</u>	<u>\$ 149,764,499</u>	<u>\$ 157,037,754</u>

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 9. Restrictions on Net Assets (Continued)

	June 30, 2020		
	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets, beginning of year	\$ 2,995,761	\$ 112,308,836	\$ 115,304,597
Contributions, net	269,318	7,855,222	8,124,540
Investment return (loss)	(803)	44,597	43,794
Change in donor intent	(53,051)	341,199	288,148
Amounts appropriated for expenditure	(46,489)	(5,245,936)	(5,292,425)
Other changes	(3,775)	(102,646)	(106,421)
Endowment net assets, end of year	<u>\$ 3,160,961</u>	<u>\$ 115,201,272</u>	<u>\$ 118,362,233</u>
Endowment net assets consist of the following:			
Donor-restricted funds	\$ -	\$ 115,201,272	\$ 115,201,272
Board-designated funds	3,160,961	-	3,160,961
	<u>\$ 3,160,961</u>	<u>\$ 115,201,272</u>	<u>\$ 118,362,233</u>

From time to time, the fair value of endowment funds associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration, underwater endowments. As of June 30, 2021 and 2020, approximately \$3,000 and \$1,275,000, respectively, of the Foundation's donor restricted endowment funds were underwater. As of June 30, 2021 and 2020, the fair value of the underwater endowment funds were approximately \$186,000 and \$22,431,000 on original gift amounts of \$226,000 and \$23,706,000, respectively.

Note 10. Risks and Uncertainties

The COVID-19 pandemic is currently impacting communities, foundations, in addition to the global financial markets. This pandemic has resulted in social distancing, travel bans, governmental stay-at-home orders, and quarantines, and these may limit access to the University's facilities, students, suppliers, management, support staff and professional advisors. At this time it is not possible to fully assess the impact of the COVID-19 pandemic on the Organization's operations and capital requirements, but the aforementioned factors, among other things, may impact operations, financial condition, investment return and ability to fulfill mission to provide resources for the direct benefit of the University, as well as our overall ability to react timely and mitigate the impact of this event. Depending on its severity and longevity, the COVID-19 pandemic may have a material adverse effect on the Organization's operations.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation
University of Northern Iowa Research Foundation**

Notes to Combined Financial Statements

Note 11. Commitments and Contingencies

The Foundation entered into an agreement with a bank effective August 2013 which provides the Foundation with liquidity and flexibility in managing their investment portfolio. The agreement allows the Foundation borrowings, if needed, up to \$5,000,000 via a variable rate advance, fixed rate advance or letter of credit at a rate of LIBOR plus 1.25%, reset daily. The maximum borrowing amount is subject to a borrowing base calculation, which limited the maximum borrowing at June 30, 2021 and 2020, to \$3,000,000. The agreement is collateralized by the Foundation's investment accounts held with the bank. No borrowings were outstanding at both June 30, 2021 and 2020. No interest expense was incurred for the years ending June 30, 2021 and 2020.

Note 12. Subsequent Events

The Organization evaluated subsequent events through November 3, 2021, the date the financial statements were available to be issued. The Organization is not aware of any subsequent events which would require recognition, or disclosure in the financial statements.
